

Fall Marathon Season Begins!

The Fall marathon season is under way in earnest on the Treasure Coast. The first major of the season, the Chicago Marathon, on Sunday October 9, 2016, was well-attended by TC Runners after a few sleepless days adjusting travel arrangements impacted by Hurricane Matthew which threatened the area earlier that week. As the significant endurance events loom, mileage, and quality time with running partners, is starting to stack up for TC Runners all around the Treasure Coast. In addition, the 2017 Marathon of the Treasure Coast, scheduled for March 5, is taking shape and seeking sponsors and volunteers. Race Director Jeanne Brower held the annual staff kick-off event at Terra Fermata to get the new staff organization rolling.
